Yes, here's a "juke box" that will play your favorite music for hours on end! Just "push the buttons" for the 10 albums you want and write in their numbers on the application. Then fill in the entire application and mail it, together with your check or money order for $1.86 as payment (that's 1¢ for your first 10 selections, plus $1.85 to cover shipping and handling). In exchange, you simply agree to buy 8 more tapes or records (at regular Club prices) in the next three years—and you may cancel your membership at any time after doing so.

How the Club operates: every four weeks (13 times a year) you'll receive the Club's music magazine, which describes the Selection of the Month for each musical interest...plus hundreds of alternates from every field of music. In addition, up to six times a year you may receive offers of Special Selections, usually at a discount off regular Club prices, for a total of up to 19 buying opportunities.

If you wish to receive the Selection of the Month or the Special Selection, you need do nothing—it will be shipped automatically. If you prefer an alternate selection, or none at all, fill in the response card always provided and mail it by the date specified. You will always have at least 10 days to make your decision. If you ever receive any Selection without having had at least 10 days to decide, you may return it at our expense.

The tapes and records you order during your membership will be billed at regular Club prices, which currently are $7.98 to $9.98—plus shipping and handling. (Multiple-unit sets and Double Selections may be somewhat higher.) And if you decide to continue as a member after completing your enrollment agreement, you'll be eligible for our generous money-saving bonus plan.

10-Day Free Trial: we'll send details of the Club's operation with your introductory shipment. If you are not satisfied for any reason whatsoever, just return everything within 10 days for a full refund and you will have no further obligation. So you risk absolutely nothing by acting now!

Special Start-Your-Membership-Now Offer: you may also choose your first selection right now—and we'll give it to you for at least 50% off regular Club prices (only $3.99). Enclose payment now and you'll receive it with your 10 introductory selections. This half-price purchase reduces your membership obligation immediately—you'll then be required to buy just 7 more selections (instead of 8) in the next three years. Just check box in application and fill in number you want.

NOTE: all applications are subject to review and Columbia House reserves the right to reject any application.

COMBINE ORDERS, AND SAVE!

You save time and money by combining purchases in a single order. Your transportation cost becomes far lower than on these same purchases, ordered separately. You may also save when you combine your order for larger, unmailable merchandise (items with catalog numbers ending in "R" or "F"). Since the truck companies charge for a specific minimum poundage, even if shipment weighs less, you can order additional items (up to this minimum) with no increase in shipping cost. See page 322.

Montgomery Ward Charg-all Retail Installment Credit Agreement

The terms of this agreement apply in Minnesota. If you live in another state, a copy of the proper agreement for your state will be sent to you.

I agree to the following terms regarding all purchases made by me or by anyone else with my permission on my Montgomery Ward "Charg-all" credit card account:

1. Payment Schedule

For all purchases made on my "Charg-all" account, I have the choice of paying in full, or making partial payments of at least $12 per month as described on the following schedule. My payment must be received by Wards Credit Department within **30** days after the billing date shown on my monthly statement.

Wards Charg-all Monthly Payment Chart

Highest Account Balance	Minimum Monthly Payment	Highest Account Balance	Minimum Monthly Payment
Under $12.00	**Pay in Full**	$330.01 to $370.00	**$18.00**
$12.01 to $200.00	**$12.00**	$370.01 to $410.00	**$19.00**
$200.01 to $220.00	**$13.00**	$410.01 to $440.00	**$20.00**
$220.01 to $240.00	**$14.00**	$440.01 to $470.00	**$21.00**
$240.01 to $260.00	**$15.00**	$470.01 to $500.00	**$22.00**
$260.01 to $290.00	**$16.00**	Over $500.00	**1/23 of highest account balance**
$290.01 to $330.00	**$17.00**		

I understand that my monthly payment schedule, adjusted to the next highest dollar, will be based on the highest balance reached on my account, rather than on my current account balance.

2. Finance Charges

I agree to pay a **finance charge** on the average daily balance of my account at a periodic rate of 1⅓% per month **(annual percentage rate of 16%)**. My "average daily balance" is the sum of the amounts I owe on each day of the billing period divided by the number of days in the billing period. The amount I owe on each day is the amount I owed on the previous day including unpaid **finance charges,** minus any payments or credits made to my account that day, excluding my current month's charges.

I agree to pay a minimum **finance charge** of 50¢ on balances in my account between $1.00 and $37.87.

If the new balance shown on my monthly statement is paid in full (using the sum of my payments and the credits issued by Wards) before my next billing date, I will pay no **finance charge** on that new balance. If the balance on my account at the end of any billing period is less than $1.00, there will be no **finance charge** added to my account during the following billing period.

3. Security Interest

Except for motor vehicle purchases, Wards will retain a purchase money security interest as permitted by law in each consumer goods purchased under this agreement until the consumer goods and related **finance charges** are paid in full. Wards will not claim a security interest or other lien on any other property. Wards will not claim a security interest in the real estate that is my principal residence.

4. Responsibility for Payment

I agree to pay for purchases charged to my account by me or by any person authorized by me. If an authorized user signs this agreement, any such user will be obligated to pay the entire balance if I do not.

5. Application of Payments to Purchases

Payments will be applied first to unpaid insurance premiums, second to unpaid **finance charges,** and then to purchases in the order of purchase.

6. Collection

If I do not make payments according to the schedule in paragraph 1, Wards may require me to pay my full balance immediately. If Wards hires an attorney to collect my balance, I will pay reasonable attorney's fees and court costs as permitted by law.

7. Limitation or Termination of my Account

Wards has the right to close my account if I do not make my minimum account payments on time. If my account is closed, I will be required to pay the amount I owe Wards, and I will return my Charg-all credit card to Wards. I agree that Wards will place a limit on the amount of credit available to me and may raise or lower that limit at any time.

8. Changes in the Terms of my Account

Wards may change the terms of this agreement at any time. I will be notified in advance of any such changes as required by law. Any change in terms will be applied to my existing balance and future purchases. I agree that if I change my residence to another state, where Wards credit terms differ from those contained in this agreement, the credit terms used by Wards in that state will then apply to my existing balance and subsequent purchases.

9. Credit Reports

I agree that Wards may obtain information about me from credit reporting agencies and other creditors, as permitted by law. Wards credit information regarding me will be used for Wards own credit operations and for forwarding information about my account to credit reporting agencies and other creditors.

10. Special Merchandise and Service Offers

All of the information which is or which becomes a part of your credit file regarding me may be used for selective offerings of merchandise and services sponsored by you or your affiliates.

11. NOTICES TO THE BUYER

A. Do not sign this agreement before you read it or if it contains any blank spaces. B. You are entitled to a completely filled-in copy of this credit agreement. Keep it to protect your legal rights. C. You may pay the full balance on your account at any time. D. See 1981 Fall Book, page 581 for important information about your rights to dispute billing errors.

12. NOTICE REQUIRED BY FEDERAL REGULATION: "NOTICE: Any holder of this consumer credit contract is subject to all claims and defenses which the debtor could assert against the seller of the goods or services obtained pursuant hereto or with the proceeds hereof. Recovery hereunder by the debtor shall not exceed amounts paid by the debtor hereunder."

I agree to the terms of Wards "Charg-all" Agreement and I have been given or will be mailed a completed copy of this agreement.

Wards Charg-all Security Plan (CSP)

A new and meaningful social advance in consumer credit. You will be protected against–

1. **Loss of employment income.** If you, the account holder, lose your job income, Wards CSP will make your monthly Charg-all payments for up to 9 months because of involuntary job loss, strike or illness.

2. **Damage or destruction of your Wards merchandise.** Purchases charged to your Charg-all account which are taken by burglary, damaged or destroyed by fire, flood, collision, and other defined perils, will be repaired or replaced by CSP.

3. **Misuse of your lost or stolen Charg-all card.** CSP will pay any and all unauthorized charges for which you are liable. Under Federal law your liability could be up to $50. *(By law, not available to Wisc. residents.)*

4. **Death or dismemberment.** If you or your spouse should die or suffer dismemberment from any cause before you, the account holder, reach age 66—**or after you are 66 in case of accidental death or dismemberment**—your account balance is paid in full up to $5,000 per account.

In Minnesota and Wisconsin, CSP coverage for property loss, as described in paragraph 2 above, is not authorized. In lieu thereof, coverage for loss of employment income, by making your monthly payments, will continue for the entire period of unemployment, up to the total balance on your account at the time of loss of employment income. CSP is authorized in Iowa, Michigan, Minnesota, Montana, North Dakota, South Dakota and Wisconsin as of the printing of this catalog. To obtain the insurance protection applicable to your state of residence, read and sign the Insurance Agreement below. Once you receive your individual insurance certificates, you'll still have 10 days in which to review them. If you want to change your mind, you're free to do so.

Transportation and Handling Charges

Prices shown in Wards Catalogs do not include charges for transportation and handling unless otherwise stated. The rates on this page will help you estimate the delivery charges for mailable and non-mailable items that are shipped to your home via parcel post or a non-Wards truck line. These rates do not apply to orders that you pick up at a local Wards store. Please ask your salesperson to give you an estimate of the charges for those orders. You do not pay any transportation and handling charges on orders you pick up at a Wards Catalog Merchandise Distribution Center (see address on back cover).

For Mailable Items...Add up the shipping weights of items that may be shipped together. Add up the weights of fashion items (depts. 2 through 9). Estimate charges for each of these groups separately. Items whose catalog numbers end in L, A, M, MM, AA, T, K and Y are packed separately—figure charges on each **individual** item. Find your parcel post zone on page 574 of the 1981 Fall General, and use the chart below to estimate the grand total of transportation and handling charges on cash orders *(count extra ounces as 1 pound)*. Send enough money with your order; we will refund any excess.

For Non-Mailable Items...Items whose catalog numbers end in R or F must be shipped to you by truck. Items with an A suffix are not mailable to first class post offices. Use the chart below to estimate the transportation and handling on cash orders. Send enough money with your order; we will refund any excess.

SHIPPING WEIGHTS: The shipping weight shown in the description of each item sold in this catalog is estimated. The weight of your actual order may vary from the shipping weight shown as a result of actual packaging materials used, size of item ordered, or in some cases, errors in estimating.
The shipping weight shown in the description of each item of apparel is no greater than the weight of the average size.

NOTE: Items weighing 15 lbs. which measure over 84 in. in length plus girth, take the 15-lb. rate.

Remember...On all charge card orders, tax and shipping charges are figured automatically, and added to your account.

Wards Home Delivery Service

In certain, large metropolitan areas, a Wards truck or special parcel carrier will deliver your order to your home. A moderate delivery and handling charge is added to your account on credit orders, or added to the billing on cash orders. The rates on this page are **not** applicable. Please ask your Wards telephone salesperson for an estimate of the charges when you phone in your order (phone numbers on pg. 318).

Factory Shipments

Some items are shipped directly from a factory to your home or local Wards store. The description of a factory-ship item in the catalog will tell if you pay transportation and handling charges from the factory. If the catalog does not give the location of the factory, you pay transportation and handling from the Wards Catalog Mdse. Distribution Center (see address on back cover). Factory shipments may save you money on transportation and handling charges if the factory is nearer your home or local Wards Store than the Wards Catalog Mdse. Distribution Center.

Delivery Time Information

Some items in this catalog are shipped to you from a factory location (or transferred from another Catalog Mdse. Distribution Center) and may therefore require a longer delivery time than you would normally expect. In each such instance Wards specifies, on the page where the item is sold, the approximate number of days to achieve delivery. Wards will make every effort to insure that you receive your merchandise within the number of days stated in the catalog but in some cases it may require up to 30 days for your order to be shipped.

See Wards General Catalog, pgs. 571-584 for additional ordering information, or just call Wards—we'll be glad to help (phone numbers on pg. 318).

Warranty Information

Certain items in this catalog are identified as having a warranty. Should you want a copy of a warranty for one of these items, simply write to Montgomery Ward, WARRANTY INFORMATION, at the address shown on the back cover of this catalog. Be sure to clearly identify the item by name and catalog number.

Satisfaction Guaranteed

At Wards, we believe that a loyal customer is more important than an individual sale...we want to keep you satisfied so you'll keep coming back!

IF, WHEN YOU RECEIVE YOUR PURCHASE, you find that it is not completely satisfactory, return it. We will gladly exchange it or if you prefer, refund the price and transportation and handling charges* you paid.
*within Continental United States.

IF, AFTER YOU HAVE USED YOUR PURCHASE, you find that it is not completely satisfactory, simply let us know what is wrong. We will strive to assure your satisfaction by means of our special warranties or make an adjustment in cash, credit, exchange or repair.

MONTGOMERY WARD & COMPANY

You can order freely from this catalog with confidence that, if the item you order is on sale at that time in any of our regular catalogs, you will be charged the lower price.

Important Pricing Information

On certain items in this Catalog, we are able to offer, until December 1, 1981 only, a lower price than that which becomes effective after that date. On items where this occurs, we show two prices for the item, with a time limit on the lower price.

Consumer Energy Information

For additional energy information concerning refrigerators, freezers, clothes washers, dish washers, water heaters, furnaces and room air conditioners, send name and catalog number of items desired to: "Energy Guides" Mdse. Testing Lab, RD 5-5 Montgomery Ward Plaza, Chicago, IL 60671.

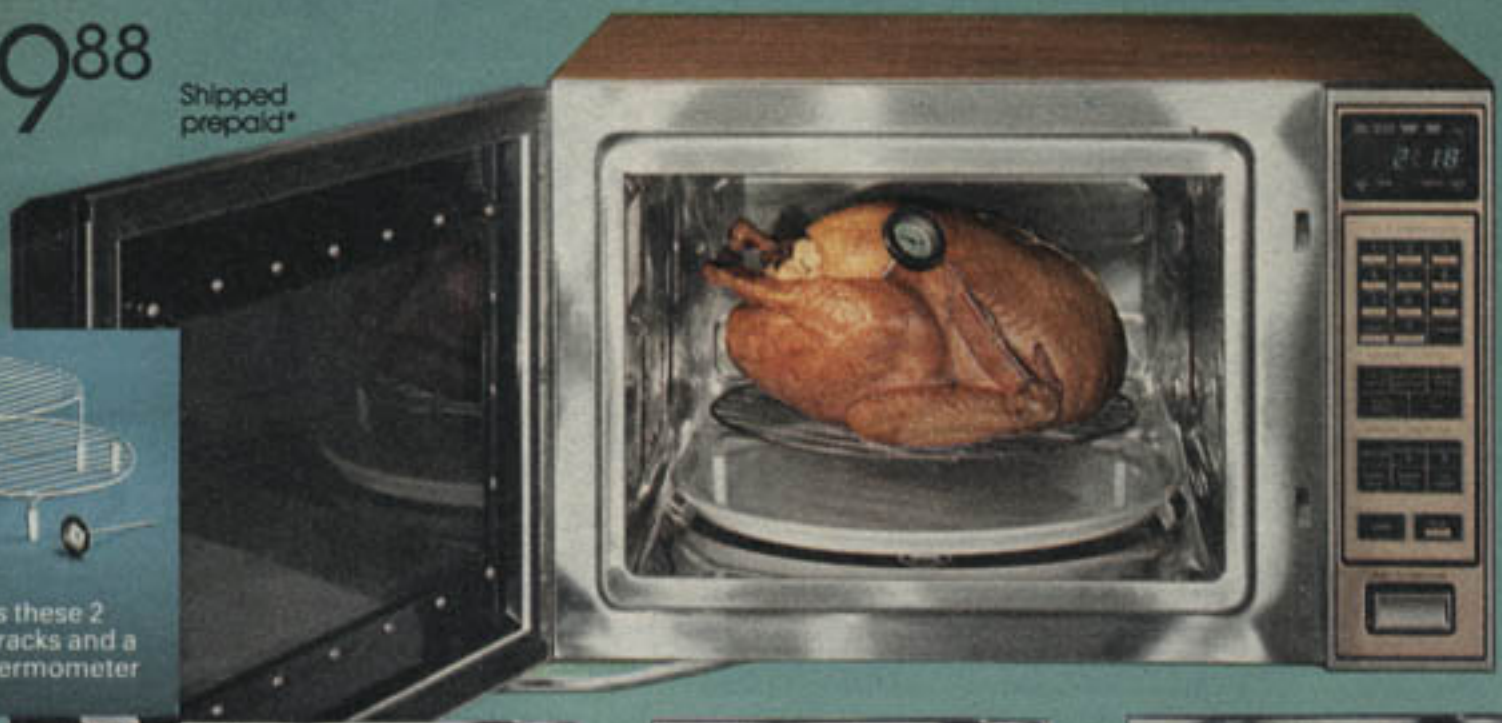
FIRST TIME CUT CUT $150

Wards microwave/convection combination oven gives you microwave speed with convection browning . . . in one compact unit!

599.88 Shipped prepaid*



Includes these 2 special racks and a meat thermometer

Combination oven cooks 3 ways:

① Microwaves alone: The fastest cooking system ever invented gives you incredible speed for cooking and defrosting! Best for vegetables, reheating leftovers, convenience foods.

② Convection heat alone: Cooks like a conventional oven, but fan-forces heated air around the food for thorough cooking and even browning at lower temperatures. Best for breads and broiling.

③ Combination cooking: Alternating microwave and convection power gives you fantastic speed with thorough, even browning. Best for roasts, some breads and cakes, and poultry.

Wards brings you not just another new appliance, but an entirely new way of cooking! With this microwave-convection combination oven you can use microwaves for fast meals, convection heat to bake breads and cakes the way commercial bakeries do, or combine the two for even browning with incredible speed! This oven cooks every type of food perfectly, yet it fits on a counter top!

FEATURES: Microwave power is fast, clean, and efficient—perfect for meals in minutes. Convection power fan-forces heated air around the food for excellent baking and roasting at lower temperatures than in a conventional oven. Combination cooking automatically alternates between microwave and convection power for fast cooking with thorough browning! 4-stage microwave cooking means you can program up to 4 microwave operations at once . . . the oven completes one, goes to the next. For example, you can preset it to shift from "Defrost" to "High" to "Simmer" to "Keep Warm"—automatically! Memory feature means you can easily start one 4-step cooking program with just a finger touch. Built-in ceramic turntable rotates food for even cooking . . . you don't have to turn foods. Delay Set—preset the oven to turn on up to 12 hours later in the day. "Time Minder" built-in all-purpose timer. 1.5-cu. ft. oven cooks the largest foods, yet compact outside dimensions save counter space—and it weighs just 89 pounds!

SETTINGS: Microwave control offers 5 powers (Keep Warm, Delicate Defrost, Simmer/Stew, Roast/Bake, High). Convection offers 10 temperatures (from 150° to 450° F). Two combination settings: Combination I for baking and roasting (325° and 10% microwaves), Combination II for poultry (375° and 30% microwaves).

CONSTRUCTION: Digital display shows cooking time remaining, time of day. 650 watts maximum microwave cooking power. 1350 watts microwave input. 1500 watts maximum convection power. 1600 watts convection input. SelectaVision Video Discs

14.95 to 39.95

Video Discs let you show classic movies, rock concerts, cartoons, sports events and specials on your own TV! You can see them when you want—without those annoying commercial interruptions!

OPERATION: For use with our Video Disc Player (see back cover). Just insert disc sleeve into player—it's easy! You never actually touch the disc itself. And the picture you see is crystal clear because it plays directly into your TV! No ghosts or weak pictures! CED (Capacitance Electronic Disc) system operates similar to a stereo turntable. Diamond microstylus glides over the disc and electronically reads information encoded on the grooves. This information is then played through your TV. Disc contains 38 times the grooves of an ordinary audio record—so you get up to an hour per side playing time.

For your information . . .

BFO (Beat Frequency Oscillator) MODE: A basic metal-finding circuit, this mode produces a constant audio tone that rises in pitch whenever any metal target is found.

TR (Transmitter-Receiver) MODE: An all-metal mode like above but produces an audible tone only when a metal object is found.

DISCRIMINATE MODE: Used with the TR mode, the discriminate circuit permits cancellation of signals for bottle caps, pop tops, foil, etc. In effect, the discriminate circuit enables the detector to distinguish between "junk" items and real treasure!

VLF (Very Low Frequency) MODE: This too is an all-metal mode, but its special electronic circuitry pinpoints targets at a much greater depth than is possible with the TR mode. Because it is an all-metal mode, it cannot distinguish between "junk" and valuables.

SPD (Synchronous Phase Discrimination) MODE: A new circuit that combines the last three modes above. The result: a mode that distinguishes between "junk" and treasure at the maximum depths possible!

- Large, easy-to-read 3½-inch detecting meter
- Combined on/off/volume control
- Convenient discrimination level selector
- Quick, automatic push-button tuning

Outlaw DE280 detector knows precious metal from scrap — 269.99

I FEATURES: Built-in analog computer provides three pre-set, pre-tuned discrimination levels (for foil, pull tabs, screw caps). Ground adjust control lets you cancel out interference due to soil mineralization. TR Discriminate mode pinpoints targets in non-mineralized soil. VLF mode detects all metals at maximum depth. SPD mode discriminates precious metal from junk without sacrificing depth sensitivity. Large 9½x5x3½-inch control box with easy-reading 3½-inch meter, on/off/volume control, battery test switch, ten-turn tuning control. Pushbutton tuner on handle lets you switch from one mode to another without resetting sensitivity level. Telescoping shaft. Submersible 8-inch search coil.

INCLUDES: Stereo headphones with ¼-inch connector, cushioned ear pieces, "AA" batteries. Manufacturer's Warranty.*

Search mode select switch, ground adjustment control, discrimination level selector, ¼-inch stereo headphone jack, battery check. Fully-adjustable telescoping stem.
