السؤال السادس: (٦ درجات) سؤال الجغرافيا.

Write a paragraph of (80) words on:

Last weekend

It is a very nice topic. Last weekend, I went to the funfair. I went with my family. We went by car. It was fun. We had a great time. There were a lot of games. I rode on the wheel. I was afraid. My brother went on a ride. He was happy. My sister swam in the swimming pool. My Dad went bowling. He also played tennis. It was nice. Mum was happy. We had lunch there. We came late.

"A famous place you visited"

We had a wonderful holiday last week. We visited the Valley of the Kings in Luxor. It is one of the most popular places for tourists. We saw many of them there. The place is quiet in the early morning but it gets busier later during the day. The biggest place there is the Karnak Temple. There's a nice and quiet place called Habu Temple. It has columns similar to those at Karnak, but it is less crowded. I liked it most.

The Tahya Masr Bridge (A famous bridge)

It is a very important topic. The Tahya Masr Bridge is the widest in the world. It's the world's widest suspension bridge. It's a great project. More than 4,000 people helped to build it. They started building it in 2014. It opened in May 2019. It is 67.36 metres wide. It's 540 metres long. It crosses the Nile's Warraq Island. Many people enjoy walking across the glass floor of the bridge. The Tahya Masr Bridge is the greatest project in Egypt.

"My favourite adventure sport"

I like adventure sports. There are lots of adventure sports like rock climbing, windsurfing and zip lining. I like mountain biking. I liked it many years ago when my father bought me my first bike. Today, I am going to go mountain biking with my best friend. So I get dressed and phone him. We go to a forest with mountains. After my friend arrives at my house, we make sure that all of the equipment is safe on the bike.

Write a paragraph of (80) words on:

" Technology in the future "

In the future, we will go to the moon for our holiday. There will be rockets that leave Earth every day. The rockets will be very fast, so the journey will take twelve hours. There will be driverless cars. People will not drive a car, so there won't be any accidents. It will be safer. People will read a book or watch TV when the computer in the car drives it. I think we will have very small computers in our clothes.

Historical places in Egypt

Egypt has a lot of historical places which tourists like to visit. These places are in Cairo, Giza, Aswan and Luxor. The Egyptian Museum has a lot of historical objects. They are the most valuable treasures. The Grand Egyptian Museum welcomed its first visitors in 2019. One of the most beautiful parts of the museum is the entrance of the GEM. There are many ancient places as the Kings in Luxor, the Karnak , the Valley of Kings and the Habu Temple.

"My dream job"

My name's Omar. I'm 13 years old. When I grow up, I'd to work in a big school. I want to be a teacher. He teaches students in Port-Said. He is a good teacher. Teaching is tiring but it's very interesting. It helps our country to be great. A teacher helps students to achieve their dreams and get the job they dream of. I like it because I want to help students to learn new things. It is an interesting job.

I hope I'll achieve my dreams.
